PILZ
THE SPIRIT OF SAFETY

Pilz keeps you on the safe side!

► Our guiding principle:
The spirit of safety

Our Pilz safety experts guarantee safe machinery and maximum availability of your plants around the world. With many years of experience and their extensive knowledge, they consider both national and international standards and regulations in order to develop individual solutions to the most complex safety issues in all industry sectors.

From risk analysis to the declaration of conformity – we are there for you!

Let's talk about it!

We are ready to listen to your concerns relating to machinery safety and are available to provide theoretical and practical help as well as service packages perfectly tailored to you.
